

YOUR NAME

Computer Science Student | Aspiring Software Developer

Phone: +91-XXXXXXXXXX | Email: your.email@example.com | Location: India

CAREER OBJECTIVE

Motivated Computer Science student with a strong interest in software development and problem solving. Currently building skills in programming, web development, data structures, and object-oriented programming, with the goal of developing practical projects and becoming a strong software developer.

TECHNICAL SKILLS

Programming Languages	Python, Java, C, C++
Web Technologies	HTML, CSS, JavaScript
Data Structures	Arrays, Linked Lists, Stacks, Queues, Trees, Searching & Sorting
Core CS	Object-Oriented Programming, Problem Solving, Basic Algorithms

PROJECTS

Project 1 — Web Development Project

Developed a responsive web page using HTML, CSS and JavaScript. Add your project description, features and GitHub link here.

Project 2 — Python / Data Structures Project

Built a Python-based project demonstrating programming logic and data structures. Add your project description and GitHub link here.

EDUCATION

Bachelor of Technology (B.Tech) — Computer Science & Engineering

University/College Name | 20XX – Present

CGPA: X.XX / 10

CERTIFICATIONS / ACHIEVEMENTS

- Add relevant programming, web development, DSA or other certifications here.
- Add coding achievements, hackathons, competitions or academic achievements here.

INTERESTS

Software Development • Data Structures & Algorithms • Web Development • Problem Solving
